TUESDAY, April 30. - SEFATE. The debate in the Senate was upon the bill to trials of youthful aspirants:

grant lands, and give the right of way in public lands in aid of the Central Railroad of Illinois. This tribution of the proceeds of the public lands among the States. Some of the Western Senators contended for the cession of the public lands to the States in which they lie. Whig Senators contended for a out coming to any question, the Senate adjourned.

HOUSE OF REPRESENTATIVES. Thompson of Ky., Orr, Chandler, and Cable.

A resolution was passed to close the debate, in committee of the whole, on the census bill, at 1 o'clock to-morrow. The House resolved itself into committee of the whole on the state of the Union and resumed the consideration of the census bill.

law until repealed by Congress, so as to lodge the a law for that purpose at the proper time. Also, notice of an amendment, to be intended as an organic law for that purpose, to fix the number of representatives at two hundred, until otherwise provided for, and to prescribe the mode of apportionment.

After some conversation the Committee rose, and the House adjourned.

WEDNESDAY, May 1 .- SENATE. The bill to increase the rank and file of the army and to encourage enlistments, was passed.

Mr. Grinnell, for the recovery and relief of Sir John

road bill.

HOUSE OF REPRESENTATIVES.

Mr. McLane, of Md., asked the unanimous consent of the House to allow the Senate bill on the Speaker's to be taken up and passed. The act, he said, mereit to the mint, where it was greatly wanted for the the South. purpose of purchasing the bullion arriving from Calunder the existing laws, to make purchases.

Mr. Toombs, of Ga., objected.

On motion of Mr. P. King, of New York, the rules were suspended, and the House resolved itself into committee of the whole on the state of the Union, (Mr. Thompson, of Miss., in the Chair,) and resumed the consideration of the census bill.

Mr. Stephens, of Georgia, spoke an hour in denial to gather the statistics, such as was provided for by the patriotic to their home, it may help to stay that tide of

Mr. Thompson, of Pa., followed in reply, and defended the bill, when, after a word or two from Mr. Jones, of Tenn., the committee of the whole refused to strike from the bill that portion relating to the authorizing of statistics, by a vote of 40 in the affirmative and 98 in the negative.

Mr. Morse spoke in favor of rejecting the bill unless amended, by dispensing with the statistics. Numerous unimportant propositions to amend

were made and voted down. Then the House, at 31 o'clock, adjourned.

THURSDAY, May 2d .- SENATE. On Thursday the Senate heard reports from compublic land to aid in the construction of the Illinois Central Railroad, which bill was finally passed, and land

the Senate adjourned over until Monday. HOUSE OF REPRESENTATIVES.

The only subject of any importance before the House, were the census bill, and the following resolution, reported by Mr. Buel, from the committee on sist him in this undertaking. Historical notices of counties

United States of America in Congress assembled, That the free navigation of the St. Lawrence river demands the earnest attention of the American government, and that it is highly desirable that it be secured to American commerce at highly desirable that it be secured to American commerce at all communications be signed with a real parent and statistics of the wealth, productions, and exports of different places will be gratefully received. He would also be glad to get descriptions of the harbors, sand-hars and inlets along the coast—and would be much gratified with views and sketches of seenery in this region, in the mountains, or in any other interesting localities. He desires that all communications be signed with a real parent and statistics of the wealth, productions, and exports of different places will be gratefully received. He would have been desired to any flustration of the I knew, and loved you, too, for nearly four years—and this brings me to a widow-hood of nearly thirteen years. I had almost outlived the hope of ever again seeing my husband, when all communications be signed with a real parent of the flustration of the St. Lawrence river demands the earnest and statistics of the wealth, productions, and exports a statistic of the

question. He occupied the floor one hour. Mr. Wilmot argued that the crisis had arrived and was presented upon the issue of the admission of California, whether the slave power, although in a minority, shall dictate to and control the whole Union, in all time to come. California, he said, was to be compromised into the Union, and the price of her admission was to be the extension of slavery over the rest of the countries belonging to the United States. He trusted in God that it would not be done.

Mr. W. said if the North should be recreant now to free principles all would be lost; for where did they propose to stand to make a more useful and successful resistance to the exorbitant demands of the slave power, if they cowardly yielded now, under unpatriotic threats against the Union. He denied that e is the the aggression had been upon the North. The butaries. - said, had seduced the prominent public to the archives taken from them. No religious ser-

"On Monday my father-in-law, at my request set several men at work at getting out cocoa-nut logs to build my house, and in the course of ten days a very substantial dwelling, 40 feet front, 25 feet deep, and 25 high, was completed. This is the only building of the kind in the village, all the others being built of reeds and mud. The chief is very much pleased with it, and I hope that within a year the whole village will be of log houses. I have offered to furnish axes and all other tools, and I think the natives will build themselves better houses.

"I am perfectly contented with my situation, and think that mine is a peculiarly happy lot. After so long a struggle with the world—'poor as a rat'—sticking type for a living—to be cast ashore with a pocket full of rocks among friendly savages, in this lovely alimete.

COUGHS, COLDS, HOARSENESS, BRONCHITIS WHOOPING-COUGH, CROUP ASTHMA and CONSUMPTION

This truly valuable Remedy for all diseases of the Lungs and Throat, has become the chief reliance of the afflicted, as it is the most certain cure known for the above complaints. While it is a powerful remedial agent in the most desperate and almost hopeless cases of Consumption, it is also, in dininished doses, one of the mildest and most agreeable family medicines for common coughs and colds. Read below the opinion of men who are known to the world, and the world

From Professor Hitchcock. James C. Ayer-Sir: I have used your CHERRY PEC-TORAL in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution that it is an admira-ble compound for the relief of laryngial and bronchial difficulties. If my opinion as to its superior character can be of any service, you are at liberty to use it as you think proper. EDWARD HITCHCOCK, LL. D., President of Amherst College

From the "London Lancet." AYER'S CHERRY PECTORAL is one of the most valuable parations that has fallen under our notice. After a careexamination, we do not hesitate to say we have a large preciation of its merits and the fullest confidence in its use ilness for coughs and lung complaints. Dr. Brewster, of Windham co., Conn., sends us the follow-

Dr. J. C. Ayer-Dear Sir : I enclose you a certificate from Mrs. Catherine K. Cady, a highly respectable lady of this village, wife of Mr. Seth Cady, Deputy Sheriff of Windham county, Conn. The cure in her case was very prompt, and

Direct Evidence. Dr. J. C. Ayer, Lowell-Dear Sir: Feeling under obligations to you for the restoration of my health, I send you a renied by a severe cough, and made use of many medicines without obtaining relief. I was obliged to give up business,

I have just purchased the fifth bottle, and am nearly recovered. I now sleep well, my cough has ceased, and all by the use of your valuable medicine.

E. A. STONE, A. M.,

Principal Mt. Hope Seminary. From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Dr. J. C. Ayer-Dear Sir: Enclosed please find remittance or all the CHERRY PECTORAL last sent me. I can unhesitatingly say that no medicine we sell gives such satisfaction as your's does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians

puritying the Bloom AND FOR THE CURE OF LIVER COMPLAINT SCROFULA RHEUMATISM BRONCHITIS STUBBORN ULCERS CONSUMPTION FEMALE COMPLAINTS PYSPEPSIA LOSS OF APPETITE SALT RHEUM DEBILITY A. A.

> In this preparation are strongly concentrated all the Medicinal properties of aids, the most salutary productions, the most potent simples of the vegetable kingdom; and it has been so fully tested, not only by patients themselves, but also by Physicians, that it has received their unqualified recommendations and the approtion of the public; and has established on its own merits a reputation for VALUE and EFFICACY far superior to the various compounds bearing the name of arsaparilla. Diseases have been cured, such as are not furnished in the records of time past; and what it has already done for the thousards who have used it, it is capable of doing for the millions still suffering and struggling with disease. It purifies, cleanses, and strengthens the fountain springs of life, and infuses new vigor throughout the whole animal frame.
>
> The diseases for which this article is recommended are those to which it is known from personal experience to be adapted. from personal experience to be adapted; and those apparently removed beyond the sphere of its action have yielded to its influence. The catalogue of complaints might be greatly extended to which the Sarsaparilia is adapted, but experience proves its value, and each succeeding day is adding new trophies to its fame.

> > REMARKABLE CURE OF BRONCHITIS.

Messrs. Sands:—Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most distinguished physicians in the larynx, during which time I was treated by the most distinguished physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress: caustic applications were used, and whatever else was thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the laryngitis being accompanied with phthisis and great difficulty in breathing, would soon have terminated my life, had I not obtained relief through the medium of your valuable Sarsaparilla. I must say, gentlemen, when I commenced using the Sarsaparilla I did not place much confidence in its virtues; and this will not surprise you, when you are informed I had tried more than fifty different remedies during the past four years, without any success; but after taking your Sarsaparilla a few weeks, I was obliged at last to yield to evidence. This marvellous specific has not only relieved, but cured me; and I therefore think it my duty, gentlemen, for the benefit of suffering humanity, to give you this attestation of my cure.

O PARENT.

Consulate of France in the United States. The above statement and signature were acknowledged in our presence by Mr. D. Parent as true.

For the Consul-general of France,

L. BORG, Vice-Consul-

CANCEROUS ULCER PERMANENTLY CURED. LET THE PACTS SPEAK FOR THEMSELVES.—The following striking, and, as will be seen, permanent cure of an inveterate Cancer, is only another link in the great chain of testimony to its merits. Let the afflicted read and be convinced. What it has done once it will do again:—

Messrs. A. B. & D. Sanns:—Gentlemen-In the year 1842 I was attacked with r in my neck, which soon extended its ravages over the side of my face, eating the flesh, and leaving the cords of my neck bare, discharging very freely, causing intense pain and suffering, depriving me of rest at night and coinfort by day, destroying my appetite, and reducing me almost to the gates of death. I was attended by the first physicians in the state, who prescribed for me, and did all that skill and talent

first physicians in the state, who prescribed for me, and did all that skill and talent could effect, but during all the time I continued to grow worse under their care. In the Spring of 1844 I chanced to hear of the cures performed by your Sarsaparlia, and determined to try it. I had not used over two bottles before I felt its effects on my system most sensibly. My appetite was soon restored, my strength was increasing, the discharge from the cancer decreased, and I soon began to perceive that the fiesh was healing. I continued its use according to directions, and also continued to grow better and better from day to day, until I have been fully and wholly cured by its use. It is now two years since I was cured, and I have remained perfectly well up to this day. I have delayed giving you this certificate, that I might ascertain whether the disease would reappear: but I am happy and most thankful to again repeat that the cure is a perfect one, and effected wholly by the use of your Sarsaparilla. The scars still remain; and all who know me, and many of the citizens of Stamford, can testify to the severity of my case and my sufferings, and the health-restoring power of your Sarsaparilla. I can with unhesitating confidence recommend its use to every sufferer affilied with similar complaints. After experiencing what I have from its effects, I can say to one and all, "Hesitate and doubt no longer, but secure to yourselves the health-giving virtue this medicine can alone bestow."

Most gratefully I am, and shall always remain, your friend, ISAAC STEVENS. 5 TESTIMONY FROM EUROPE.

Messrs. A. B. & D. Sands:—Gentlemen—Having seen your Sarsaparilla used in this city with great effect in a severe case of Schovella, I have been requested to order three dozen bottles, which please send, on the payment of the enclosed draft on Messrs. Hensehen & Unkhari, with the least possible delay. I am inspired only by a feeling of philanthropy, in begging you to publish this unasked testimony to the value of a medicine which, widely as it is known, is not known as it ought to be.

I am, Gentlemen, respectfully yours, &c. THEODORE S. FAY.
